SAUCE PRESENTATION

ES-ECO-019-CT
EU Agriculture / NON EU

Sesmans Sauces is a range of 16 sauces; we have carefully attended to each and every one of the project's details. We wanted to bring this philosophy to each point of the process, from the selection of the raw materials to the manufacture and packaging. We are sensitive to the product itself, as well as to everything behind it.

Our products are made nationally through a foundation which helps and encourages employment among people with disabilities or at risk of social exclusion. We promote fair and responsible employment.

Our ingredients are all natural; we don't use gums or stabilisers. We also avoid ingredients like palm oil, white sugar, cane sugar, etc. Local, familiar ingredients that are very specific to us; we only turn to

distant lands when an ingredient's origin is actually from another country, as with shiitake mushrooms.

We work with a local chef with whom we have worked hand in hand to create these 16 recipes and to solve certain problems that arise when gums or stabilizers are not used, but instead natural alternatives in their place.

We want our packaging to transmit this, as well as effort, serenity, detail, presence and care; we believe that it does, using this glass format and a clean, clear and concise label that provides the product with a positive presence and modern image. The boxes, with a corrugated layer, minimise the use of cardboard while maintaining the clean image, and playing with the sides you can best see the emblem: **SESMANS**.

FROM OUR HANDS TO YOURS

HANDS THAT WORK. HANDS THAT CREATE, THAT PRODUCE. SESMANS IS ORIGIN, LAND, EFFORT. IT IS DETAIL, IT IS THOROUGHNESS.

Sesmans is tradition, it is production... it is knowledge, it is craftsmanship, it is the best of today made with the attention and care of always. It is a product that can only come from the expert hands of the farmer, the cattle breeder, the producer, the artisan, the chef. We use up-to-date production and sustainable cultivation techniques, complying with the strictest regulations; because Sesmans also means researching, creating, seeking— they are the hands that use everything currently in reach to produce healthy foods of the best quality.

With each product, Sesmans is everything that those seeking out healthy, organic food look for— what is it, what's in it, where is it from. Quality and honesty. In your hands— from people for people.

To guarantee quality, freshness and to support sustainable agriculture, Sesmans works closely with the producer and farmer— and the farmer works closely with Sesmans and its consumers. We work hand in hand with suppliers— hand in hand also with our customers.

DIFFE- RENT SENSI- BILITIES

ALL OUR PRODUCTS HAVE ORGANIC CERTIFICATION. BUT SESMANS IS MORE THAN A SEAL— IT IS AN ATTITUDE. WE ARE THOROUGH, WE CHECK, WE CERTIFY. WE ARE ALSO CAREFUL WITH FOOD INTOLERANCES AND IT IS VERY PRESENT IN OUR MINDS WHEN WE SELECT THE RAW MATERIALS THAT GO INTO OUR OWN RECIPES. WE ARE AS DEMANDING AS YOU.

RANGE OF SESMANS' INGREDIENTS

- »» **Seawater:**
Contains the complete range of minerals—over 75 (between minerals and trace elements). These are dissociated, in ionic form, which facilitates proper assimilation.
- »» **Black garlic:**
Black garlic is conventional white garlic after going through a natural fermentation process.
- »» **Natural aromas:**
Sesmans' aromas are not used merely to flavour the sauce, but to offer it its own identity, one that is different to what is found on the market.
- »» **Tomato:**
Both whole tomatoes and puree are local—Spanish tomatoes of the highest quality.
- »» **Chickpea flour:**
It preserves all the properties of the chickpea and is a natural thickener, as well as an excellent substitute for eggs; in this case it is used to thicken and make recipes vegan.
- »» **Agave syrup:**
A sweetener used as a sugar substitute. It is healthier than cane sugar and much healthier than white sugar.
- »» **Shiitake mushrooms:**
These mushrooms are widely used by traditional Chinese medicine to strengthen the immune system. They contain minerals like iron, zinc and magnesium.
- »» **Olive oil:**
Cold-pressed extra virgin olive oil.

ORGANIC PRODUCT OF THE YEAR

THE JURY HIGHLIGHTS THE INNOVATION OF THE PACKAGING WITH ITS LABEL MADE IN TRANSPARENT POLYPROPYLENE AND PRINTED IN WHITE INK, ENHANCING THE VALUES OF THE PRODUCT.

Within the framework of the **BioCultura Barcelona** fair, the **2017 BioCultura Awards** organised by the Vida Sana Association were presented to highlight those professionals, companies and establishments that stand out for their rigor and professionalism in the promotion of an eco-friendly culture, the consumption and production of organic food and in protecting the environment.

The Award categories are: Journalism, Best Eco Establishment, Eco-aware Individual, Eco-gastronomic Award and **Organic Product of the Year**.

It was precisely this last award, Organic Product of the Year, that was given to Salsas Sesmans Orgànic. According to the jury, the award was given based on the product's values, highlighting the following points:

- »»» A local project, emphasising the traceability of the ingredients and their freshness.
- »»» Not only an organic project, but also gluten-free, egg-free, vegan and vegetarian.
- »»» A project with social sensitivity, it is made by a foundation working with people with disabilities and at risk of social exclusion.
- »»» Award for linguistic sensitivity, the only one at the fair translated into four languages.
- »»» Award for variety in the range, in this case regarding sauces (16 sauces).
- »»» Highly innovative packaging and label.

SAUCE PACKAGING

Our boxes are more than just that. They are a perfect specimen, thanks to their visual impact and carefully-crafted design, ideal for use in product displays. By integrating a corrugated layer directly into the box, we use less cardboard which helps to minimise the environmental impact.

ROMESCO SAUCE

Sesmans Romesco Sauce is gluten-free. Unlike others, it is made with corn bread crumbs instead of wheat, making the product also suitable for celiacs. With natural tomato, it contains ground nuts which give it an excellent texture. The nut flavours are also released, such as hazelnut and almond. It has a smoky aroma, giving it a unique and different touch. It is ideal with vegetables, fish and meat. An excellent vegan and vegetarian option.

INGREDIENTS

Water, tomato purée*, extra virgin olive oil*, seawater, toasted **hazelnuts***, toasted **almonds***, **sunflower seeds***, corn bread crumbs*, sea salt, paprika*, natural aromas, apple cider vinegar* and garlic*. (*) **organic ingredients.**

CALÇOT SAUCE

Sesmans Calçot Sauce is gluten-free, as corn bread crumbs are used as opposed to wheat bread crumbs which other sauces on the market tend to use. It has a smoky aroma, giving it a unique, different touch. There is no added salt; it comes from the seawater used to make the sauce or other natural ingredients containing it in its natural form.

This sauce traditionally accompanies the popular calçot (a type of green onion); there's nothing quite like it. It can also be used to accompany other vegetables, grilled meats and fish. Vegan and vegetarian.

INGREDIENTS

Tomato purée*, water, extra virgin olive oil*, seawater, toasted **hazelnuts***, toasted **almonds***, **sunflower seeds***, corn bread crumbs*, apple cider vinegar*, paprika*, natural aromas and garlic*. (*) **Organic ingredients.**
